Mr. Joe Roberts  
The Push for Change  
1770 Bowman Avenue  
Coquitlam, BC V3J 6C8

Dear Mr. Roberts: *Joe*

Thank you for your June 9, 2012 e-mail regarding The Push for Change project.

Your closing keynote presentation at our Vitalize 2012 provincial voluntary sector conference was truly inspiring. I was moved by your message and fully support the work that you are doing. The development of support programs that will make a difference for high-risk youth and also help them find immediate support, intervention and love is not only valuable but an essential human need.

Your dedication to the Push for Change project that will assist young people across Canada is an incredible call to action for all Canadians. I wish you success in your amazing endeavour to push a shopping cart from Calgary to Vancouver this summer and across Canada in 2013. By taking action and making a difference for high-risk youth, you will inspire others to look at what they are doing and how they can make a difference.

I wish you continued success with the development of this project.

Best Regards,

Heather Klimchuk  
Minister
