Grade 11 students at St. Charles College attended the Push For Change youth event at the Steelworker's Hall this past week.

Students met Joe Roberts who is pushing a shopping cart across Canada to raise awareness and funds for youth homelessness. Roberts shared his inspirational story of success with the students.

Roberts has walked 4,800 km of his 9,000 km journey from St. John's, Newfoundland to Vancouver.

A press release issued by the Sudbury Catholic District School Board said, "This message ties into graduate expectations and the essential theme of global solidarity."
