There will be possible traffic disruptions on Sunday and Tuesday in relation to the Push for Change initiative.

Both the Greater Sudbury Police Service and the OPP will be providing an escort to Joe Roberts and his Push for Change initiative during his visit to Greater Sudbury. Police are asking motorists to be mindful of possible traffic delays westbound along The Kingsway heading towards downtown and southbound along Paris Street heading towards Science North on Sunday morning.

At approximately 12:30 p.m. on Sunday afternoon, there may be further traffic delays northbound on Paris Street as Roberts and the Push for Change initiative move from Science North to the Sudbury Arena. Once at the arena, Roberts will be collecting non-perishable food items for the food drive portion of his initiative and he will provide information about the Push for Change Foundation at the Wolves game.

On Tuesday, the Greater Sudbury Police Service and the OPP will escort Roberts from Elm Street at Paris Street westbound to Lorne Street and onward to the township of Worthington. Motorists should expect one lane to be

closed.
