Dear Mr. Roberts:

It is an honour to offer my congratulations and support to you on your campaign to bring awareness to youth homelessness across Canada, by initiating the Push for Change program. Your personal experience serves as a real-life endorsement of the need for programs that can provide help to homeless youth looking for change.

I wish you success as you travel across Canada with your message; bringing to the forefront the importance of community involvement during the transition of our youth into adulthood.

Sincerely,

John Yakabuski, MPP
